

Introduction

The Foundation Programme is designed for students who have successfully completed their O-Level, S

Candidates selected for this programme must undergo and pass the Foundation Studies in UTP before t

The following Foundation Programmes are offered:

- Engineering Stream
- Technology Stream
- Science Stream

Programme Objectives

To produce students with sufficient analytical skills and knowledge in fundamental sciences and mathem

Programme Outcomes

At the end of the programme, students should be able to:

- Apply knowledge of science and mathematics in problem solving.
- Apply analytical skills to interpret and solve problems.
- Communicate effectively in English.
- Practise behaviour that reflects good values in the learning process.

Duration

Foundation programme – 1 year (3 semesters)

Upon passing the UTP Foundation Programme, students will be able to proceed with their assigned Bac

Bachelor of Engineering (Honours)

- Chemical
- Civil
- Electrical & Electronics
- Mechanical
- Petroleum

Bachelor of Technology (Honours)

- Petroleum Geoscience
- Business Information Systems
- Information & Communication Technology

Bachelor of Science (Honours)

- Applied Chemistry
- Applied Physics

Entry Requirement

Academic Requirement

O-Level or equivalent

- Pass O-Level with at least five (5) Credits (Grade inclusive of Mathematics, Physics, Chemistry, AN

AND additional requirement for international students:-

English Requirement:

- IELTS score of 6.0 or TOEFL paper base score 550 or equivalent.

- English Placement Test (EPT) will be conducted to assess the applicant's level of English proficiency
